The background of Duowen community anti-2019 novel coronavirus.

- During the outbreak of 2019 novel coronavirus ,Wuhan civilization office and civil affairs bureau have issued important documents and notices, that is, all streets and communities recruit volunteers to assist communities to meet the needs of residents during the closure period. Based on its own advantages, the Douwen Communist Party committees have fully implemented the relevant work instructions of the municipal commission and municipal government. In addition, it has incorporated the community volunteer work system into the community prevention and control work, focused on the deployment, actively carried out the recruitment, training, job responsibilities definition, process sorting and other works, as well as explored the epidemic prevention and control work system in which Douwen community volunteer service participated.
- Based on the current work practice,Duowen community cooperates with Myhome Charity to carry out the multi-informed community volunteer work together. The community gives full play to the advantages of leading and coordinating the overall work of the party construction, and gives guidance on the direction and implementation of key work. By taking advantage of cultivating and incubating community voluntary organizations,Myhome Charity work together with the community for building a multi-governance system in professional services and fully supports the community protection work during the outbreak of 2019 novel coronavirus.
